Q: Will I get to fly the plane even if I don't have a Pilot's License?

A: Yes, you will get to fly. You don't need a Pilot's License to learn aerobatics. You will be controlling the plane for up to 80% of the time. Your instructor, who will be sitting behind you, will keep you out of trouble while coaching you through every maneuver.

Q: I have never been in a small plane before. Will I enjoy this experience?

A: Yes. We know you'll have an amazing time. If you are into roller coasters we can take it up a notch. If you are a bit timid we can tune it down a bit. We specialize in making a novice flyer feel like a pro...and an experienced pilot a better flyer. Each flight is tailored to your level of flight experience, desire and comfort.
