The Training Facility

Formerly a full-service hospital & medical clinic, the training facility was procured to provide a discrete, secure and controlled training environment for specialized training scenarios. The facility is located in rural Philippi, West Virginia which has a patriotic population of 2,870. The nearest major airport is in Pittsburgh, Pennsylvania. We provide transportation from the airport to our facility.

The Training Building

Five story brick structure with over 120 rooms, working elevator, two stairwells, multiple entry/exits, operating room, lab, offices, patient rooms, and a training classroom with student lounge. There is parking in the front of the building as well as the rear of the building. The roof of the building is a mix of flat rubber and angled metal on different levels. There is a wooded nine acre hill on back side of facility.

The Training Classroom

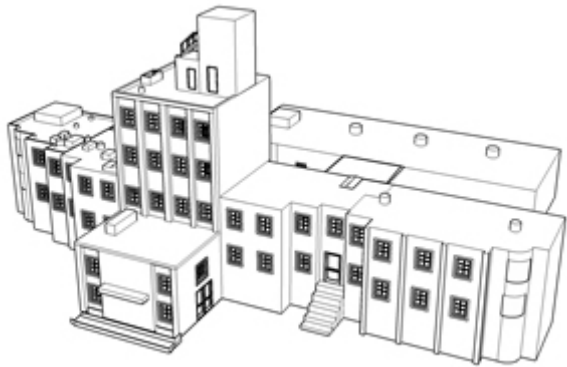

Contains a DVD Player, multimedia projector/screen, easel, telephone, dry erase board and wireless Internet access. The classroom can be set up in multiple configurations ranging from: Classroom, Briefing Room, Debriefing Room, Tactical Operations Center, and many more scenario dependent configurations. Capacity of the classroom varies based on the configuration, but generally will hold 30 – 40 students.

Newman's Bottom Range

Has almost 2 square kilometers of training area, within 4 miles of our training center, our range provides for many versatile training scenarios. The main shooting range has the capability for pistol, carbine, and shotgun training at distances from 10 meters to 500 meters.
